***From Library Journal Review:***

Readers longing for escape can vacation on the picturesque Greek island village of Aghia Anna [where] characters from Germany, England, Ireland, and California begin as tourists with little in common and unexpectedly end up as close friends. Drawn together by having witnessed a fatal boating accident, these sojourners become involved in one another's dramas....Readers will root for the characters as strained and severed relationships are slowly put right.

***Copies of the selection will be available for pickup at the circulation desk beginning on April 30.***
